# GNS 8600

Car Navigation System

The Uniden GNS 8600 combines the latest in GPS technology with sophisticated Intuitive Technology. It provides one of the largest High Definition LCD Display screens on the market. The GNS 8600 is stylish and powerful. It even has an in-built Early Warning Safety System to alert you of fixed speed cameras, red light cameras and black spots therefore providing a high level of nationwide protection for loved ones and your license. The GNS 8600 is so powerful yet so simple to use.

Whether you are travelling for work or enjoying a short or long drive to a new destination, the GNS 8600 will guide you there using the quickest route available with its Dynamic Voice and Visual Guidance System. Its Intuitive Technology makes it so simple to use, allowing you to plug it in, enter your destination and just drive... letting the GNS 8600 do the rest.

With superior Mapping Data it provides nationwide coverage using Sensus Whereis Map Data. When it comes to portable GPS Car Navigation Systems the Uniden GNS 8600 is in a class of its own. It makes your trips safer and faster while giving you peace of mind that you will reach your destination on time, every time.
