For Optimum Clarity, Superior Technology and Sophisticated Styling you cannot overlook Uniden's 2 Line 5.8GHz Digital Spread Spectrum (DSS) Cordless Phone System.

Ideal for people wanting one phone line for home and one line for business the DSS 7960 + 1 is a superb choice. Utilising a wider 5.8GHz Digital Spread Spectrum Bandwidth, these phones are equipped with an array of powerful features including the versatility of being able to operate with up 10 handsets using the one phone socket.

DSS 7960 + 1 also comes with an additional handset and charge cradle, 7 Way Handset Conferencing, Advanced Alpha Display Caller ID, 100 Caller ID Memories and the ability to allocate individual caller ring tones to enable easy caller identification. Enjoy the ease of hands-free communication with a Digital Duplex Speakerphone and the exclusive Uniden feature of Dual LCD Display, on both the handset and base.

Combine all these with the added convenience that 5.8GHz Technology will not interfere with typical wireless networks, and you have the perfect communication accessory to suit households of any size.

Uniden quality, performance and powerful features make the DSS 7960 + 1 a truly innovative model of technological excellence and contemporary design.

Suggested Retail: $269.00.

The DSS 7905 is available as an additional handset and charging base. Suggested Retail: $119.95.

The DSS 7805WP is available as an additional handset and charging base. Suggested Retail: $149.00.

* First and Second Phone Lines, Voice Mail Access, Caller ID and POP ID features only work if you subscribe to the service provided by your local telephone company. There is usually a fee for this service.
** 5.8GHz Technology will not interfere with typical wireless networks such as 802.11b, 802.11g or 802.11n.
*** The Baby Monitor function is not a replacement for regularly checking the safety and security of children. The operating time is limited to the remaining charge of the battery and is not suitable for continuous overnight use.
^ Two-way Communication and Download Phonebook Features only work when a second handset is in use.
